Producer-Typ	
min. Order	
Class	Baustromverteiler

Technische Informationen

Our floor-standing distributor "Centi" is a compact power distributor which is immediately ready for use and delivered fully wired.

During the manufacture of the product, emphasis was placed on increased safety through high-quality protective switching devices and, as already mentioned, on professional wiring.

Screws and metals are rustproof, and the sockets are also made of impact-resistant polyamide 6.

To protect against external influences, these are installed under a transparent and impact-resistant polycarbonate cover.

ALL wired distributors of the BRAND PUxl are individually tested.

Upon request, we will send you a test report.

Our products are verifiably MADE in GERMANY

- Manufacturer item number / SKU: PUX002
- EAN / GTIN: 4059981000017
- Special features: portable

- Height: 55 cm
- Width: 42 cm
- Depth: 15.2 cm
- Built-in circuit breakers: number 5 pieces
- Degree of protection (IP): IP54
- Built-in residual current circuit breaker: FI with IFN 0.03 A (standard)
- Cable length: 2 meters
- Infeed / connection option: supply line with plug
- Number of SCHUKO sockets: 4
- CEE socket 16A: 1x16A5p400V
- CEE socket-32A: 1x32A5p400V
- Type of mains connection: CEE 32 A
