min. Order	
Class	Baustromverteiler

Technische Informationen

Our solid rubber distribution box "MICRO" has a housing made of high-quality solid rubber.

During the manufacture of the product, emphasis was placed on increased safety through high-quality protective switching devices and, as already mentioned, professional wiring.

Version with handle and 2 m supply line H07RN-F.

To protect against external influences, these are installed under a transparent and impact-resistant polycarbonate cover.

ALL wired distribution boxes of the BRAND PUxl are individually tested.

Upon request, we will send you a test report.
