Technische Informationen

Our mobile power distributor "ROADIE" has a housing made of high-quality solid rubber.

When manufacturing the product, value was placed on increased safety through high-quality protective switching devices and, as already mentioned, on professional wiring.

Version with carrying handle and 2 m cable H07RN-F.

To protect against external influences, these are installed under a transparent and impact-resistant polycarbonate cover.

ALL PUXl BRAND wired distribution boxes are individually tested.

On request we will send you a test report.

Our products are verifiably MADE in GERMANY
